- Also, Tim will try to renegotiate our contract with Taylor & Francis, hopefully to get member subscriptions for no cost
  - The report was accepted

President’s Report: (President Tim Gongaware presented)
- Discussion of strengths and weaknesses of conference. Conference a success overall, with the main weaknesses being lack of or sporadic wireless internet access and the physical isolation of the hotel from places to eat and shop.
- Claire remarked that the isolation increased conference participation, but David remarked that people were gone for several hours if they did leave the hotel.
- Jackie reported that some students who shared rooms had problems getting receipts in their name and in the right amounts for travel reimbursement. If we cannot avoid this with future hotel sites, then we need to make the payment method very explicit on our registration forms.
- All agreed that the breakfasts were a success, and we should continue offering them, as long as we offset the costs with sponsorships (they are expensive).
- The Mississippi State party was a success, and Nicole Radar will organize again next year.
- Other matters:
  - David will look at old programs to compile a list of past Distinguished Career Award Winners. If anyone has suggestions for next year, please contact Tim.
  - Marc Matre offered to put together archived historical records of MSSA. He is going down to the Univ. of Louisiana-Monroe in December to look at records, and then in the summer he will go through them, to create a skeleton of what happened. He will also be asking other members for records, etc.

- Shelly will tap into former grad school friends who are at smaller schools to get their students to submit. She will also reach out beyond the mid-south area.
  - The report was accepted

UPDATES FROM COMMITTEE CHAIRS

Stanford Lyman Distinguished Book Award: (David LoConto presented, see attached updated second report)
- David said the call for book award nominations should be send out widely – beyond the MSSA membership list.
- Dennis said we need to establish an award template, and David and Tim said they would work on developing one.

Committee on Women: (Katie Worman-Ross presented)
- To address the lack of racial diversity in the latest special issue of Spectrum, there should be a new special issue emphasizing intersectionality. This should be done in conjunction with the minority caucus.
- The Women’s Caucus will develop a facebook group for mentoring, work on revising the mission statement, and discuss updating the name of the caucus to encompass women, gender, and sexuality.
- Jackie pointed out that these updates will have to go to the membership for discussion as per constitution rules.

Committee on Minorities: (Vivian Carter presented)
- The Minorities Caucus needs to reach out to Tribal and Hispanic colleges in addition to HBCUs and to identify issues related to these kinds of institutions. Need to establish collaborations across institutions and disciplines.
- The caucus will be revisiting the mission statement.

Committee on Small & Community Colleges: (Claire Norris presented)
- Had jr. faculty/grad student session but only grad students attended
- Need funds for student travel and perhaps a buddy system to connect hotel roommates to share costs
- The conference food was excellent, as was the student encouragement from faculty members
- Need to more clearly define what qualifies as small and community colleges (also on the registration form), and reach out more to them. Also need to develop a more comprehensive list of such institutions.
Committee on the Profession: (Jackie Eller presented)
- The committee met Thursday, and came up with 5 goals (see attached report)
  o evaluate and update the committee description.
  o reconsider code of ethics/timeline/sanctions

  o poll members about potential problems not being addressed

Hotel Negotiator (Dennis Peck presented)
- First contract renegotiated was the Atlanta Holiday Inn for this year (2013), with lowered room nights and lower food & bev costs.
- Second contract renegotiated was Mobile for 2012 with significant cost savings.
- Next one was the 2014 Mobile contract (Renaissance): For 2014 down to 275 room nights from 340 (15% attrition allowable). increased breakout rooms 6-8, went down on F&B but to 10600 (down from 12000)
- For 2015: Hilton in Lafayette, also negotiated down. Renegotiation wasn't easy, went to them hat in hand, but went there looking for what would be in favor of organization.
- 2016:
  o Will provide a number of proposals submitted to a committee to make decision. Need latitude and has taken it. Recommend not making a decision until mid-year meeting....contracts slow coming in for a variety of reasons. cities:
    ▪ Memphis, TN
    ▪ Chattanooga, TN
    ▪ Jackson, MS
    ▪ Savannah, GA
    ▪ Charleston, SC
- Suggests program committee of three, comprised of past presidents - look into how to do that in the bylaws and make it an action item at mid-year.
  o Need to be able to play the hotels off of each other
  o Trying to lock in third or fourth weeks of October.
David L. stated that he felt that given the trend toward the majority of papers coming in after classes begin in the Fall, that we should be clear not to have the conference beginning before October 15th.

Dennis said he wanted to make sure the meetings were between the middle and end of October, and that Mobile was one week too late in 2014.

**2014 Program Report:** (President-Elect Anita Bledsoe-Gardner presented)

  - Perhaps pursue corporate sponsorships (including Wells Fargo)
